

# Six Sigma Green Belt

## Module 1: Six Sigma And The Organization

- Introduction
- Six Sigma And The Organization Goals-Part 1
- Six Sigma And The Organization Goals-Part 2
- Lean Principles In The Organization
- Design For Six Sigma

## Module 2: Define Phase-Project Identification

- Define Phase-Project Identification-Part 1
- Define Phase-Project Identification-Part 2
- Define Phase-Project Identification-Part 3

## Module 3: Define Phase-Voice Of The Customer

- Define Phase-Voice Of The Customer-Part 1
- Define Phase-Voice Of The Customer-Part 2

## Module 4: Define Phase- Project Management Basics on Six Sigma Green Belt

- Define Phase-Project Management Basics-Part 1
- Define Phase-Project Management Basics-Part 2

## Module 5: Define Phase-Management And Planning Tools

- Define Phase-Management And Planning Tools-Part 1
- Define Phase-Management And Planning Tools-Part 2

## Module 6: Define Phase-Business Results For Projects

- Define Phase-Business Results For Projects-Part 1
- Define Phase-Business Results For Projects-Part 2

## Module 7: Define Phase-Team Dynamics And Define Phase Summary

### Review Questions

- Define Phase-Team Dynamics And Review Questions
- Define Phase-Summary And Review Questions

## **Module 8: Measure Phase-Process Analysis And Documentation**

Measure Phase-Process Analysis And Documentation

## **Module 9: Measure Phase-Probability And Statistics**

Measure Phase-Probability And Statistics

## **Module 10: Measure Phase-Statistical Distributions**

Measure Phase-Statistical Distributions

## **Module 11: Measure Phase-Collecting And Summarizing Data**

Measure Phase-Collecting And Summarizing Data-Part 1

Measure Phase-Collecting And Summarizing Data-Part 2

## **Module 12: Measure Phase-Measurements System Analysis (MSA)**

Measure Phase-Measurements System Analysis(MSA)

## **Module 13: Measure Phase-Process And Performance Capability And**

### **Measure Phase Summary And Review**

Measure Phase-Process And Performance Capability And Measure Phase Summary And Review

## **Module 14: Analyze Phase-Exploratory Data Analysis And Hypothesis**

### **Testing**

Analyze Phase-Exploratory Data Analysis And Hypothesis Testing-Part1

Analyze Phase-Exploratory Data Analysis And Hypothesis Testing-Part2

Analyze Phase-Exploratory Data Analysis And Hypothesis Testing-Part3

## **Module 15: Analyze Phase-Process Drivers**

Analyze Phase-Process Drivers-Part 1

Analyze Phase-Process Drivers-Part 2

Analyze Phase-Process Drivers-Part 3

Analyze Phase-Process Drivers-Part 4

Analyze Phase-Process Drivers-Part 5

## **Module 16: Improve Phase-Design Of Experiment (DOE)**

Improve Phase-Design Of Experiment(DOE)-Part 1

Improve Phase-Design Of Experiment(DOE)-Part 2

## **Module 17: Improve Phase-Root Cause Analysis**

Improve Phase-Root Cause Analysis-Part 1  
Improve Phase-Root Cause Analysis-Part 2  
Improve Phase-Root Cause Analysis-Demo

## **Module 18: Improve Phase-Lean Tools**

Improve Phase-Lean Tools-Part 1  
Improve Phase-Lean Tools-Part 2  
Improve Phase-Lean Tools-Part 3  
Improve Phase-Lean Tools-Part 4

## **Module 19: Control Phase- Statistical Process Control**

Control Phase-Statistical Process Control

## **Module 20: Control Phase-Lean Tools For Process Control**

Control Phase-Lean Tools For Process Control-Part 1  
Control Phase-Lean Tools For Process Control-Part 2  
Control Phase-Lean Tools For Process Control-Part 3

## **Module 21: Review Exam-Prep And Key Concepts**

Exam Review And Key Concepts-Part 1  
Exam Review And Key Concepts-Part 2  
Exam Review And Key Concepts-Part 3  
Exam Review And Key Concepts-Part 4  
Exam Review And Key Concepts-Part 5  
Exam Review And Key Concepts-Part 6  
Exam Review And Key Concepts-Part 7  
Exam Review-Flash Cards  
Conclusion
